Motto: *Peregrini in Via, Fratres in Armis* ("Pilgrims on the Road, Brothers in Arms")

I. Purpose

The Compaaignye of the Pilgrim Souldiours is a multi-period living history organization dedicated to the research, reconstruction, and education regarding the life, equipment, and martial culture of the medieval traveller and soldier. We exist to preserve the legacy of the pilgrim and the crusader, fostering an environment of historical accuracy, safe martial practice, and fraternal cooperation.

II. Code of Conduct

1. **Safety First:** All martial activities must be conducted with the highest regard for the safety of participants and the public. Any display of excessive force or negligence will result in immediate suspension.
2. **Historical Integrity:** Members strive to maintain a high standard of kit, weaponry, and

persona representation appropriate to the medieval period (1200–1500).

Documentation—whether visual, archaeological, or textual—is required to justify gear choices.

3. **Fraternity:** We operate as a "Brotherhood in Arms." Respect for fellow members is mandatory. Disputes should be settled through the Chapter, adhering to the principle of "Pilgrims on the Road."
4. **Professionalism:** As representatives of medieval history, all members must conduct themselves with professionalism while in the public eye.
5. **Inclusivity & Respect:** Discrimination of any kind has no place in our ranks. We welcome all who are dedicated to the pursuit of historical knowledge.

III. Membership Requirements

- All members must demonstrate a commitment to research.
- New members shall serve a probationary period before being granted full voting rights in the Chapter.
- Members must comply with the insurance and safety requirements of the Australian Living History Federation (ALHF) and work toward meeting the standards of the Queensland Living History Federation (QLHF).
